AUSPTA has been working closely with InterRISK Australia developing unique insurance coverage to assist AUSPTA members in protecting their Business and Personal assets.

AUSPTA believes the broad wording and competitive premiums offered by InterRISK are in the best interests of its members, some of whom have already taken up the coverage offered.

The group purchasing potential of AUSPTA members, combined with the insurance knowledge and experience of InterRISK provides cost effective insurance protection and assists in overcoming large premium fluctuations.

As part of the on-going services provided by the Association for its members, InterRISK are offering an obligation free review of members current insurance arrangements and will provide advice in relation to any possible deficiencies they identify or that may exist with their current insurance coverage.

If you would like to take advantage of InterRISKs offer please contact AUSPTAs administration or the Hon Secretary.

Alternatively, you may wish to contact InterRISK directly on 1800 638 554.

The information to have on hand when you contact them is:

1. Your name and address.
2. Current expiry date/s of your existing insurance policies.
3. The name of your existing Insurers.
4. The contact details of the best person for InterRISK to speak to at your business.
5. Whether you currently have Professional Indemnity Insurance cover.

As this service is free of charge, AUSPTA strongly recommends you make the most of the opportunity.
